

HOMETIME BLINDS

Refresh Your View

THE PERFECT ADDITION TO COMPLETE YOUR VISION

SHUTTERS

Page 4

TIMELESS AND DURABLE

Shutters remain a favorite for those who want sophisticated style that will pass the test of time.

ROLLER SHADES

Page 8

DYNAMIC AND VERSATILE

Roller Shades provide light control and privacy flexibility paired with color stylings for every palette.

HONEYCOMB SHADES

Page 12

ELEGANT AND EFFICIENT

Honeycomb Shades help beat the heat with soft style and nimble operation.

WARM AND NATURAL

Woven wood Roman Shades add texture and exotic beauty to make any room feel unique.

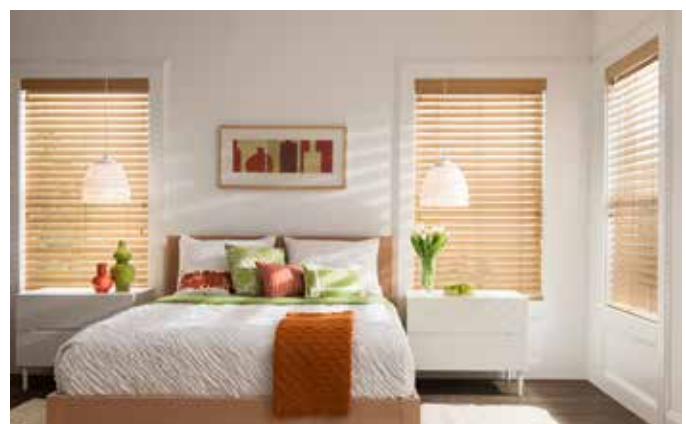

DRAMATIC AND CONTEMPORARY

Dual Shades make a statement while providing flexible light filtering options.

CLASSIC AND LUXURIOUS

Horizontal Blinds bring natural wood finishes to the forefront with options to compliment any style.

SHUTTERS

THE PERFECT FIT FOR ANY STYLE

Unlike wood, our premium vinyl shutters will not warp, shrink, chip, peel, or fade and they never need painting. They're also waterproof which makes them a great fit for a kitchen or bathroom window.

- **Various Tilt Options**
- **Waterproof & Easy to Clean**
- **Low Maintenance**
- **Maximum Durability**

TIMELESS DESIGN

LOUVER SIZES

2½" LOUVERS

3½" LOUVERS

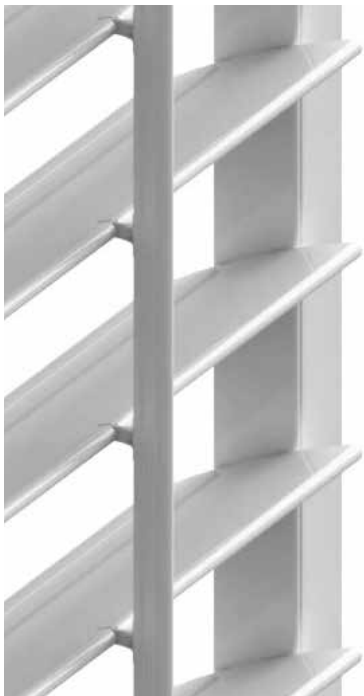

1½ times more view than the 2½" louvers.

4½" LOUVERS

Double the view than the 2½" louvers.

TILT SYSTEMS

TILT BAR

Features the traditional front center tilt bar that plantation shutters are known for. Quiet operating tilt bar connectors eliminate the need for staples.

REAR TILT

Hidden tilt bar on the back of the shutters offers an unobstructed view with a modern look.

GEAR

Features a hidden gear system and also offers a modern look. This system allows one touch control with superior louver closure.

Grass Weave
Color: *Kokomo Gray*

WEAVE CATEGORIES

SELECT WEAVES

Organic yarns drawn from sustainable sea grass reeds or fine jute, woven as a soft textile.

GRASS WEAVES

Amazing blends including papyrus or cotton with polyester make for more consistent patterns.

WOVEN WOODS

Hand-split bamboo, wood, reeds and jute are eye-catching choices with a tactile feel.

DESIGN OPTIONS

TRADITIONAL SHADES

Valance is positioned in front of the shade hiding the headrail and hardware.

WATERFALL SHADES

Valance is positioned behind the shade and conceals hardware from the outside. A metal grommet allows the lift cord to stay neat and within reach for easy operation of the shade.

LIGHT AND PRIVACY OPTIONS

FIXED LINER

Add a light-filtering or room-darkening liner to your shade to achieve your own perfect balance of light and privacy. Liner folds with the shade, extends the life of the shade, prevents fading, and reduces energy costs. Available on all styles.

TOP-DOWN/BOTTOM-UP

A single shade operates from the top down or the bottom up for more light control and privacy options. Open from the top and bottom together for more flexibility.

EDGE BINDING OPTIONS

3/8" TWILL EDGE BINDING

1 1/2" TWILL EDGE BINDING

FAUX SILK EDGE BINDING

MOUNTING OPTIONS

INSIDE MOUNT

Inside mount valances feature no returns and fit flush within the window frame. Ensure your window has the proper depth.

OUTSIDE MOUNT

All outside mount valances feature returns. Specify outside mount to ensure the greatest amount of light control. Best for shallow depth windows or enhanced light control.

DUAL SHADES

CONTEMPORARY & COOL

Dual shades practically float with purposeful ease. For heightened privacy or filtered sunlight, this single shade will cause a double take. Flattering to you, filtered for your furnishings. Joy all around.

- **Light Filtering and Dimming Fabrics**
- **Cord Free Options**
- **Motorization Available**
- **Various Band Sizes**

FABRIC OPACITY OPTIONS

TRANSLUCENT

Diffuse sunlight, eliminate outside distractions and prevent direct views from the outside in with dozens of designer colors. Provides moderate privacy during the day, but not when the room is illuminated.

LIGHT DIMMING

Choose light dimming fabrics when a darkened environment is ideal, especially bedrooms, home offices or media rooms to reduce glare on TVs and mobile devices. Both opacities provide energy efficiency thanks to the dual layers.

FLEXIBILITY AND PRIVACY

Bands open and shade lowered. Preserves your view while providing UV protection.

Bands closed and shade lowered. For total light control and secure privacy day or night.

Bands closed and shade partially raised. Offers precise light control.

Bands open and shade partially raised. Dual Shades give you function at any level.

THREE SLAT SIZES

1 3/8" SLAT SIZE

Provides more view-through, with less stack, than 1" blinds.

2" STANDARD SLAT SIZE

Ideal for any window size.

2 3/8" SLAT SIZE

Larger scale offers optimal view through and a more dramatic look.

MOTORIZATION AND CONTROL OPTIONS

MOTORIZATION

A motorized system powered with a rechargeable battery pack tilts the blind open and closed with the touch of a button.

CORDLESS LIFT

Blinds lift and lower with a light push or pull on the bottomrail. Cordless lift provides enhanced safety in the home.

CORDLESS LIFT AND LOCK

Press a button on the color-coordinated aluminum bottomrail to lift and lower blinds. Release the button to lock blinds into place.

WAND TILT

Adjusts the slats open or closed with a simple twist.

CORD TILT

Blinds tilt open or closed by pulling on the cord tilt control. Lift cord features a break-away stop ball for added safety in homes with children.

HORIZONTAL BLINDS

MOUNTING OPTIONS

INSIDE MOUNT

INSIDE MOUNT WITH RETURNS

OUTSIDE MOUNT

DESIGN OPTIONS

STANDARD ROUTE HOLES

Lift cords pass through holes in slats, the most common slat design.

LIGHTSOUT ROUTELESS

Optional routeless slats eliminate route holes to reduce incoming light, increase privacy and enhance the aesthetics of the blinds.

DECORATIVE TAPES

Solid or decorative tapes provide a graceful accent to the blinds as well as cover route holes for increased light control and privacy.

2-ON-1 & 3-ON-1 HEADRAILS

Two or three blinds are combined on one long headrail for flexible light control and beautiful unity. Looks like one blind, acts like two or three.

Eclipse Shutters

ADVANTAGES OF INTERIOR SHUTTERS

- UltraSatin™ finish gives the look of painted wood.
- Excellent durability, never need to refinish.
- Will not fade, crack, chip, peel or warp.
- Washable: easily cleaned with soap and water.
- Superior energy efficiency.
- Waterproof surface perfect for humid areas.
- Microbial and fungal resistance.
- Best for Kids™ Certified for child safety.
- GREENGUARD Gold Certified.
- 25-Year Warranty.

COMPLETE VERSATILITY

Eclipse Shutters are offered in a variety of sizes, colors and frame styles to fit any decor. Our shutters are available in specialty shapes, track systems and options for French doors. Eclipse Shutters are available in three tilt systems: Tilt Bar, Hidden Rear Tilt, and the New Hidden Gear Tilt System. All three systems will allow you to open and close the louvered shutters tightly in both directions. Offering total light control and complete privacy, Eclipse Shutters not only stand the test of time, but they will give your home the finishing touch.

QUALITY CONSTRUCTION

Eclipse Shutters' unique manufacturing process combines highly automated equipment with skilled workmanship to provide the fastest delivery times in the industry. To demonstrate the commitment to our customers, Eclipse Shutters offers an unlimited 25-year warranty - the best in the industry. We offer affordable elegance for today's consumer.

Peace of Mind Every Time

WE'RE THERE EVERY STEP OF THE WAY

Outdated window coverings can be ugly and hard to operate. You know it's time to upgrade your coverings but you're worried that the process might be stressful or that you'll be unhappy with the end result. We believe you deserve to work with an honest company that makes the process easy, enjoyable and guarantees your satisfaction each step of the way. As you are looking to refresh your home with new blinds, shades, or shutters, we are confident that our wide variety of styles, colors, textures, and materials ensure that you will find the perfect window coverings for your home.

WHY WE DO IT

We are family-owned and operated, and our installers are all "in-house" employees, not subcontractors. All of our Lead installers started out in our factory, so they bring manufacturing experience to each installation. Our installers earn above industry standard wages and benefits and The Hometime Window Family Fund supports our installers and their apprentices with down payment assistance to purchase a home.

Our customers benefit from in-house installation by factory-trained employees and lead installers with 100 years of combined experience. Thanks to the quality of their work, you'll often find our installers mentioned by name in customer reviews.

Over 1,000 5-Star Reviews

“Highly recommend this company! They truly care about you and give you top notch customer care. We love our new window coverings! Thank you Team!”
— Renee K.

“I recently had my windows, sliding doors, and blinds replaced. What a difference! The crew, with Danny leading the team, did a great job... All of the crew members were friendly while being professional at the same time, and completed the project in a timely manner.” — Tee R.

“Nate and Israel did the installation. They arrived on time and finished everything in a timely manner. They were very nice and professional. They did a great job and I love my windows and shades.” — Vickie W.
